RE: Tariff 11-02 Docket No. 11-035-T02 The purpose of this filing is to make revisions to Schedule 107, Solar Incentive Program, in compliance with the Commission's Order in Docket No. 07-035-T14 dated February 10, 2011.

Dear Ms. Son:

The Division has reviewed the proposed tariff revisions transmitted on February 24, 2011 and recommends approval.

The Office has also reviewed the proposed tariff revisions and recommends the following:

1. Approval of the request to extend the annual deadline to June 30, 2012.
2. The last paragraph of tariff sheet 107.3 should be revised to read:

Unless otherwise extended by the Company after approval by the Utah Public Service Commission, this program is of limited duration and funding. All equipment must be installed by the annual deadline to be eligible to receive a program incentive. The last annual deadline will be no later than June 30, 2012.

We direct the Company to make this change. Now therefore, with the exception noted above, the Commission hereby approves the tariff revisions with an effective date of March 24, 2011.

Sincerely,

/s/ Julie Orchard
