RE: Tariff 11-06 Docket No. 11-035-T06      This filing is in compliance with the February 12, 2009 Order in Docket No. 08-035-78 on Net Metering Service, the Utah Commission directed the Company to “update the avoided cost pricing in Schedule No. 37 annually, concurrent with the approval and establishment of rates for larger commercial and industrial customers based on the FERC Form No. 1 method.”

Dear Ms. Son:

The Commission has reviewed the proposed compliance tariff revisions transmitted with your Advice Letter No. 11-06 dated December 21, 2011.

The Division has recommended that the Commission accept the revisions in the above named tariff filing subject to one minor correction. A minor correction should be made to the First Revision of Sheet No. 37.3. A slash (“/”) is missing in the cents per kWh unites under “Energy Prices” (for Levelized Prices). The slash symbol is correctly shown under “Energy prices” (for Non-Levelized Prices). Accordingly, subject to the correction noted, the revisions, with an effective date of December 14, 2011, have been approved by the Commission.

Sincerely,

/s/ Gary Widerburg  
Commission Secretary
