Re: Docket No. 11-035-T10
Energy Balancing Account Tariff

On October 11, 2011, in compliance with the Commission order approving the Settlement Stipulation in Dockets Nos. 10-035-124, 09-035-15, 10-035-14, 11-035-46, and 11-035-47, Rocky Mountain Power filed a revised Schedule 94. Since that date the proposed tariff has been reviewed at two technical conferences and interested parties have provided additional comments and suggested edits. At the December 6, 2011, scheduling conference in this docket Rocky Mountain Power agreed to file further revisions to Schedule 94. In compliance with that agreement enclosed for filing are an original and two copies of a further revised proposed Schedule 94, Energy Balancing Account (EBA) Pilot Program, which reflect many of the suggested edits. The Company will also provide an electronic version of this filing to psc@utah.gov.
