Energy Balancing Account (EBA) Pilot Program

RECOMMENDATION

The Division recommends that the Commission close the Action Request. The Division will file comments on the proposed tariff per the Commission's scheduling order dated December 16, 2011 in the referenced docket.

ISSUE

PacifiCorp (dba Rocky Mountain Power) ("Company") filed a revised proposed tariff in Docket No. 11-035-T10 on December 12, 2011. The Company previously filed a proposed tariff on October 12, 2011, which the Commission suspended based on the Division's recommendation. (See Division October 13, 2011 memo) The Commission issued a scheduling order on December 16, 2011, in which the Commission again suspended the (revised) tariff to allow parties time to file comments per the order. Therefore, the Division recommends that the Commission close the Action Request. The Division will respond according to the schedule and any forthcoming direction from the Commission.
