Docket No. 11-035-T13.

### **RECOMMENDATION (Approval)**

The Division of Public Utilities (Division) recommends that the Commission approve Rocky Mountain Power's (Company) minor revisions to the tariff sheets for Schedule 118 Low Income Weatherization Program.

### **ISSUE**

The Company filed its tariff modifications for Schedule 118 Low Income Weatherization Program on November 23, 2011. On December 1, 2011 the Commission issued an Action Request to the Division for a review of the tariff modifications. This memorandum is in response to the Commission's Action Request.

## **DISCUSSION**

The proposed tariff modifications are intended to clarify Low Income Weatherization program eligibility requirements and correct inconsistent language. The inconsistent language has been corrected with a reference to the current requirements set by the Utah Department of Community and Culture. The proposed tariff modifications are minor and administrative in nature.

## **CONCLUSION**

The Division recommends approval of the proposed tariff modifications for Schedule 118 Low Income Weatherization Program.
