**RE: Docket No. 11-2035-01
PacifiCorp's 2011 Integrated Resource Plan – Supplemental Information
Request for Extension from June 13, 2011 to June 27, 2011**

PacifiCorp (or Company) filed its 2011 Integrated Resource Plan (2011 IRP) with the Public Service Commission of Utah (Commission) on March 31, 2011. At that time, the Company indicated that it would be filing supplemental information at a later date.

Pursuant to notice, the Commission held a scheduling conference on April 21, 2011, and based on the comments of the attending parties, issued a scheduling order on April 28, 2011 which included a due date for the supplemental information of June 13, 2011.

PacifiCorp respectfully seeks an extension to the due date for the supplemental information from June 13, 2011 to June 27, 2011. The additional time is necessary to complete the energy efficiency avoided cost study, and the write-up of the "Energy Gateway Central Only" scenario analysis. This Commission is the only state with a defined due date for the supplemental information; if the requested extension is granted, PacifiCorp will email all IRP participants advising that the supplemental information will be available on June 27th.

If you have questions relating to this request, please contact Pete Warnken, Manager, Integrated Resource Planning at (503) 813-5518 or Dave Taylor, Utah Regulatory Affairs Manager, at (801) 220-2923.

Sincerely,

Jeffrey K. Larsen
Vice President, Regulation
