

January 17, 2012

Public Service Commission of Utah
Attn: Julie Orchard
160 E. 300 So.
Salt Lake City, UT 84114

Dear Ms. Orchard:

On December 13, 2011 the Bridger Valley Electric Board of Directors authorized a rate change to be effective February 1, 2012. Enclosed are revised tariff sheets reflecting that rate change for filing with the Commission.

The rate increase was approved by the Board for consumers in both states served by Bridger Valley Electric and identical rates are being filed with the Wyoming Public Service Commission.

I have also enclosed a copy of a notice that was mailed to every consumer with the January billing statement providing further details regarding the rate increase. As mentioned in the notice sent to all consumers, a public meeting was held in Manila, Utah on January 12, 2012 to explain the rate change and receive input. We have also published newspaper articles regarding the increase throughout our service territory.

This is only the second rate change Bridger Valley has had in the last 15 years and was necessary to recover increased wholesale power costs and to bring rates more in line with the cost of service. .

We respectfully request that these rate schedules be accepted for filing

If you need any additional information or have further question, please let me know.

Sincerely,

F. Danny Eyre
General Manager
