RE: Docket No. 12-035-101, "In the Matter of the Application of Rocky Mountain Power for Approval of Changes to Tariff Schedule No. 38, Qualifying Facility Procedures"

Dear Mr. Widerburg:

In response to the December 5, 2012 Commission letter to the Company, the Company hereby submits for approval a revised Utah Schedule No. 38, Sheet No. 38.7. An original and ten (10) copies of this filing will be provided via overnight delivery. The Company will also provide electronic versions of this filing to psc@utah.gov.

The revised tariff includes language informing QFS of available formal dispute resolution procedures. The Company reviewed the language with parties as directed in the December 5th letter and understands the parties are in agreement that the language meets the requirement.

The second issue raised in the letter is a request that the Company notify the Commission when the website check list is complete. The website check list is supposed to inform QFs of the information required in order to obtain indicative pricing. The Company believes that the existing tariff (Utah Schedule No. 38), which is readily available on the Company's website, meets this requirement since it clearly shows the list of items required to obtain indicative pricing in Section I.B.2. Therefore, the Company submits it has fulfilled this requirement.

The Company respectfully requests that all formal correspondence and requests for additional information regarding this filing be addressed to the following:

By E-mail (preferred): datarequest@pacificorp.com
dave.taylor@pacificorp.com

By regular mail: Data Request Response Center
