RE: Docket No. 12-035-101, "In the Matter of the Application of Rocky Mountain Power for Approval of Changes to Tariff Schedule No. 38, Qualifying Facility Procedures"

Dear Mr. Widerburg:

In compliance with the Commission's March 21, 2013, order in this docket the Company hereby submits for approval a revised Utah Schedule No. 38, Sheet No. 38.7. An original and ten (10) copies of this filing will be provided via overnight delivery. The Company will also provide electronic versions of this filing to psc@utah.gov.

As directed by the Commission, the requirement that a counterparty must wait 60-calendar-days before filing a complaint with the Commission has been removed from Section III of Schedule 38 and a reference to the Commission's informal and formal complaint processes has been added. Also Section II.B has been revised to include references to the Commission-approved electrical interconnection rules and Company forms and agreements pertaining to distribution interconnection.

Also, as directed by the Commission, the Company has developed and posted to its website a checklist which incorporates the decisions in the 2005 Order and allows QF developers to view the process for determining indicative pricing. That information can be found at the Company's website at the following address: <http://www.rockymountainpower.net/env/nmcg/qf.html>. A copy of checklist is attached as Exhibit 1.

The Company respectfully requests that all formal correspondence and requests for additional information regarding this filing be addressed to the following:
