RE: Docket No. 12-035-87, "In the Matter of the filing of Rocky Mountain Power's Customer Owned Generation and Net Metering Report and Attachment A for the Period April 1, 2011 through March 31, 2012"

Dear Mr. Taylor:

On June 27, 2012, Rocky Mountain Power (Company) filed a Customer Owned Generation and Net Metering Report and Attachment A for the Period April 1, 2011, through March 31, 2012 (2011 Net Metering Report or Report). In a September 21, 2012, memorandum filed with the Commission, the Division of Public Utilities (Division) recommended the Company file an amended 2011 Report in order to reconcile discrepancies and provide the required summary information for calendar year 2011. On October 15, 2012, the Company filed a revised Report.

The Division reviewed the revised 2011 Net Metering Report, finds it meets the Commission's reporting requirements, identifies no outstanding issues, and recommends the Commission acknowledge the revised Report.

The Commission concurs with the Division's recommendation and acknowledges the 2011 Customer Owned Generation and Net Metering Report as meeting the Commission's reporting requirements.

Sincerely,

/s/ Gary L. Widerburg  
Commission Secretary
