Attorneys for Rocky Mountain Power

BEFORE THE PUBLIC SERVICE COMMISSION OF UTAH

<p>In the Matter of:</p> <p>THE VOLUNTARY REQUEST OF ROCKY MOUNTAIN POWER FOR APPROVAL OF RESOURCE DECISION TO CONSTRUCT SELECTIVE CATALYTIC REDUCTION SYSTEMS ON JIM BRIDGER UNITS 3 AND 4</p>	<p>Docket No. 12-035-92</p> <p>ROCKY MOUNTAIN POWER'S MOTION FOR AMENDED PROCEDURAL SCHEDULE</p>
---	---

Comes now Rocky Mountain Power (“RMP” or the “Company”) and respectfully requests that the Public Service Commission of Utah (the “Commission”) grant the Company’s request for an amended procedural schedule in Docket No. 12-035-92 (the

“Bridger SERD Proceeding”). In support of its Motion, Rocky Mountain Power states as follows:

1. On December 21, 2012, the Sierra Club filed a Motion for Continuance or Stay (the “Motion”) in the Bridger SERD Proceeding, requesting that the Commission stay its review of the Company’s decision to install selective catalytic reduction systems (“SCR”) at Units 3 and 4 of the Jim Bridger power plant located in Sweetwater, Wyoming.

2. The Company is preparing its response to the Sierra Club’s Motion, which will be filed with the Commission the week of January 7, 2013.

3. Concurrently with the Bridger SERD Proceeding, the Company has filed an application with the Wyoming Public Service Commission requesting approval of a Certificate of Public Convenience and Necessity (“CPCN”) to construct the SCR systems at Units 3 and 4 of the Jim Bridger power plant.

4. The Company’s rebuttal testimony is currently scheduled to be filed with the Commission in the Bridger SERD Proceeding on January 9, 2013. This date, however, due to amendments to the procedural schedule in the Wyoming CPCN proceeding is before the Wyoming intervening parties are required to file their direct testimony with the Wyoming Public Service Commission, which is now due January 25, 2013.

5. It would be disadvantageous for the Company and its ratepayers if the Company is required to file rebuttal testimony responding to the direct testimony of the intervenors in the Utah SERD Proceeding (several of whom are also participants in the Wyoming CPCN proceeding) before the Wyoming parties file their direct testimony.

6. Accordingly, the Company respectfully requests that the Commission modify the Scheduling Order and Notice of Hearing, issued September 24, 2012, as follows:

- a. Parties file rebuttal testimony—move from January 9, 2013 to February 11, 2013
- b. Parties file sur-rebuttal testimony—move from January 28, 2013, to February 28, 2013
- c. Hearing—move from February 5-6, 2013, to mid-late March 2013 (the week of March 18th or March 25th).

7. A similar motion was granted by the Wyoming Public Service Commission on January 3, 2013, extending the date for pre-filed testimony by two weeks.

8. The Company's request will not cause an undue burden on any party to this proceeding, and is in the public interest. The Company has conferred with each of the intervening parties in this proceeding regarding the proposed scheduling change. No party objects to the amended deadlines for the testimony filing, and the Office of Consumer Services, Utah Association of Energy Users, Utah Industrial Energy Consumers, Western Resource Advocates, and Division of Public Utilities support a new hearing date in March that will accommodate all schedules. Sierra Club does not oppose the change of the testimony dates, but believes that establishing new hearing dates is premature at this point. The Company requests that the Commission schedule a telephone conference as soon as possible to establish hearing dates in mid to late March 2013.

WHEREFORE, Rocky Mountain Power requests that the Commission grant the request to move the testimony filing dates and hearing as outlined above.

Respectfully submitted this ___ day of January, 2013.

ROCKY MOUNTAIN POWER
