Re: Docket No. 12-035-T07 ENERGY STAR New Homes program participation rates

In the above referenced docket dated June 27, 2012, the Public Service Commission (“Commission”) approved the continuation of the ENERGY STAR New Homes program and the associated tariff sheets. The Order also contained a requirement for Rocky Mountain Power (“Company”) to file quarterly program participation rates to the DSM Steering Committee, the DSM Advisory Group and the Commission within 45 days of the end of each quarter.

The data included in this filing is inclusive of the third and fourth quarters of 2012. Since receipt of the Order the Company had unforeseen staffing changes and did not file the third quarter data in a timely manner. This item is scheduled in the future for response as ordered.

Rocky Mountain Power respectfully requests that all formal correspondence and staff requests regarding this filing be addressed to:
