**RE: Docket 12-035-T10 – Schedule 37
Avoided Cost Purchases from Qualifying Facilities (QF)
Corrections**

On June 29, 2012, in compliance with Docket 08-035-78 Rocky Mountain power filed updated Schedule 37 Avoided Costs. On August 30, 2012, the Division of Public Utilities, in response to the Commission’s action request, recommended approval of the proposed changes. Subsequent to that date an error was discovered that impacted Table 2 of Appendix A which flowed through to Tariff Sheet 37.4. The corrected filing is attached.

Enclosed for filing are an original and two copies of proposed tariff sheets associated with Tariff P.S.C.U No. 48 of PacifiCorp, d.b.a. Rocky Mountain Power, applicable to electric service in the State of Utah. Pursuant to the requirement of Rule R746-405D, PacifiCorp states that the proposed tariff sheets do not constitute a violation of state law or Commission rule. PacifiCorp will also provide an electronic version of this filing to psc@utah.gov.

Second Revision of Sheet No. 37.3	Schedule 37	Avoided Cost Purchases From Qualifying Facilities
Second Revision of Sheet No. 37.4	Schedule 37	Avoided Cost Purchases From Qualifying Facilities

Included with this filing is Appendix 1 with Tables 1 through Tables 12 that provide the support calculations for these filed avoided costs and Appendix 2 which is a description of the filing. Corrections were made to Table 2 of Appendix 1 and page 37-4 of the tariff. Cells in Table 2 that were corrected are highlighted in yellow, and other cells impacted by the change are shown in orange. In the original file, the formulas in the On-Peak section for 2016 through 2019 were not referencing the correct cells from Table 6 and consequently included either no capacity costs or capacity costs from the wrong year in the monthly price.
