**ELECTRIC SERVICE SCHEDULE NO. 126 - Continued**

**PROVISIONS OF SERVICE:**

- (1) Subsequent to Program Administrator approval of a proposed Re-Commissioning Project and prior to receipt of Re-Commissioning Project Incentives, the Customer or Owner shall be required to enter into a Re-Commissioning Agreement with the Company.
- (2) Re-Commissioning Project Incentives are limited to Re-Commissioning Projects having a Customer's or Owner's simple payback (based on implementation costs) of less than three years before incentives.
- (3) Re-commissioning Project Incentives will not be made available for identifying or quantifying savings or performing commissioning for purposes outside the scope of this program, including those in other Company energy efficiency programs.
- (4) Re-Commissioning Project Incentives will not be made available to induce fuel switching by Owner or Customer.
- (5) Owner or Customer is responsible for implementing the Re-Commissioning Project subject to the terms of the Re-Commissioning Agreement
- (6) Company may verify or evaluate the energy and/or demand savings of the installed RCMs specified in the Re-Commissioning Agreement. This verification may include a telephone survey, site visit, review of facility operation characteristics, and pre and post installation monitoring equipment as necessary to estimate energy and/or demand savings.

**ELECTRIC SERVICE REGULATIONS:** Service under this Schedule is subject to the General Rules and Regulations contained in the tariff of which this Schedule is a part, and to those prescribed by regulatory authorities.
