ISSUED: May 5, 2015

On July 31, 2012, Blue Mountain Power Partners, LLC (“Blue Mountain”) filed a request for agency action (the “2012 Request”), requesting the Commission require PacifiCorp, doing business as Rocky Mountain Power (“RMP”), to provide Blue Mountain with indicative avoided cost pricing for wind power. RMP and Blue Mountain disagreed upon the appropriate method for calculating the indicative avoided cost pricing. The Commission initiated this docket to address the 2012 Request and to resolve this disagreement.

On September 20, 2012, the Commission issued its “Order on Request for Agency Action,” (“Order”) directing RMP to provide Blue Mountain with indicative avoided cost pricing and prescribing the appropriate method for its calculation. Neither party filed a request for reconsideration or otherwise sought relief from the Order. As such, there is no pending Commission action in this docket.

On April 8, 2015, Ellis-Hall Consultants, LLC filed a Petition to Intervene. Because this docket does not currently stand to affect any legal interests, Ellis-Hall’s Petition to Intervene is denied. Ellis-Hall will be added to the service list for this docket and will be notified of further activity.
