Re: *In the Matter of the Application of Rocky Mountain Power for Authority to Change its Depreciation Rates Effective January 1, 2014; Docket No. 13-035-02*

Dear Ms. Saba:

The Public Service Commission of Utah (“PSC”) reviewed the March 1, 2018 depreciation compliance filing (“2018 Filing”) by PacifiCorp, doing business as Rocky Mountain Power (“PacifiCorp”). The 2018 Filing was made pursuant to PacifiCorp’s depreciation rate reporting system implemented in accordance with paragraph 30 of the settlement stipulation approved on November 7, 2013, in the above-referenced docket. The 2018 Filing states PacifiCorp will be evaluating alternative environmental compliance options and the potential early retirement of Craig Unit 1, Naughton Unit 3, Jim Bridger Units 1 and 2, and Cholla Unit 4.

The PSC also reviewed the comments filed by the Division of Public Utilities (“DPU”) on April 2, 2018, addressing the 2018 Filing. The DPU recommends the PSC acknowledge the 2018 Filing satisfies the PSC-accepted reporting system requirements.

Based on the PSC’s review of the filing and the recommendation of the DPU, the PSC acknowledges PacifiCorp’s 2018 Filing as complying with the depreciation rate reporting system requirements developed in accordance with the settlement stipulation approved in Docket No. 13-035-02.

Sincerely,

/s/ Gary L. Widerburg
PSC Secretary
