Hi Paul,

We are excited about the potential for this project near Monticello that we discussed last week. We reported to Tracy that PacifiCorp really has no interest in owning the project. He was surprised to hear that and may try to set up another lunch meeting to give you the hard sell. Since I obviously can't tell him what to do, I thought I'd give you a heads up that he may be calling. If you want to push that lunch date out a week or two, Christine and I are working on some other concepts that will take his focus off of you. Hopefully this email does not strike you as too strange, but I just do not want you to have to attend another lunch when we already know the outcome. Make sense?
