Importance: High

Paul,

I am hoping that you can help answer the questions in yellow below so that we can send you back the summary sheet today. Please let me know. We are hoping to start talking to potential financial partners in June and it would be good to have final confirmation that the pricing hasn't changed since our last request, which it shouldn't have...also, we want our ultimate partner assisting in the negotiation of the PPA so it is best for all of us!

Christine

Hey Paul,

Couple of questions about your questions. Can you please explain what you mean by the following:

Pricing for this QF would be under Utah Docket No. 03-035-14. Please clarify your request—What do you mean by this? We are requesting a 20 year contract.

Please describe site control plan—do you need to know details of which leases/easement still need to be signed?

Thanks Paul, I should have these answer to you by tomorrow.

Do you need anything for the Pioneer QF request?

Thanks,

Christine

Christine,

We have reviewed your request and ask that you provide additional information prior to our calculating indicative pricing. I have attached a table that shows, for each item in Schedule 38, the information you provided in one column and the additional information we require in the second column. If the information you provided is sufficient, the second column shows "complete." Please provide the requested information and we can process your request. Feel free to add the information directly to the attached form and return to me.

Thanks in advance for providing the information we need to understand your project sufficiently to provide indicative pricing.

Regards,

Paul
