RE: Courtesy Notice for Renewable Resource in 2014

Dear Mr. Widerburg:

Rocky Mountain Power (“Company”) hereby submits this courtesy notice to the Public Service Commission of Utah that the Company reasonably expects to acquire a small solar project pursuant to ORS 757.370, the Oregon Photovoltaic Capacity Standard, which would come into service during 2014. This solar project would be a situs-only renewable resource. The Company does not expect to acquire a system-wide renewable resource in 2014. If a unique opportunity to acquire a renewable resource arises for the Company in 2014, it is possible that the Company will make such acquisition depending on the circumstances. At this juncture, however, the Company does not expect to acquire any additional renewable resources in 2014.

Please feel free to direct any inquiries regarding this matter to Dave Taylor or me, at 801.220.2923 and 801.220.4050, respectively.

Sincerely,

Yvonne R. Hogle
Senior Counsel
