RE: Rocky Mountain Power's Application for Approval to Cancel Electric Service Schedule
194, Docket No. 13-035-136

Rocky Mountain Power (the "Company") hereby submits response comments in the above-captioned Docket to the comments filed by the former administrator of its Cool Keeper program, Comverge, Inc.

It appears that Comverge is trying to reopen the Request for Proposal ("RFP") process the Company used to evaluate and select the preferred vendor for the Company's next contract to administer the Cool Keeper program. The Cool Keeper RFP is not the subject of this proceeding and the Company is not seeking approval of the new Cool Keeper contract in this Docket. A summary of the RFP process and results was reviewed by the Demand-Side Management Steering Committee, including the Office of Consumer Services and the Division of Public Utilities, and Utah Association of Energy Users. The Company does not believe that Comverge's comments addressing the Cool Keeper RFP process are appropriate in this proceeding and requests that the Commission disregard this attempt to reopen the process.

The Company acknowledges the recommendations from the Division of Public Utilities, Office of Consumer Services and Utah Clean Energy. We appreciate their engagement and input.

Rocky Mountain Power respectfully requests that all formal correspondence and requests for additional information regarding this filing be addressed to the following:
