Re: Notice of Intent to File General Rate Case

The purpose of this letter is to notify the Commission and interested parties that Rocky Mountain Power intends to file a general rate case on or about January 3, 2014. In addition, pursuant to Utah Admin. Rule R746-700-10(B)(1), Rocky Mountain Power requests that the Commission approve its intended forecast test period of twelve months ending June 30, 2015, consistent with the Settlement Stipulation in Docket No. 11-035-200.

Rocky Mountain Power does not expect parties who signed the stipulation in Dockets No. 11-035-200, 12-035-79 and 12-035-80 dated August 07, 2012 (“Settlement Stipulation”), entered into by nine parties including the Utah Division of Public Utilities, Office of Consumer Services, UAE Intervention Group, Utah Industrial Energy Consumers, Kroger Co., Utah Clean Energy, Western Energy Resources, and Federal Executive Agencies (the “Parties”), to object to Rocky Mountain Power’s use of its proposed forecast test period based on the agreement among the Parties below:

The Parties agree that in the Company’s 2014 GRC application, the Company will use, and the Parties will not oppose, use of a forecast test period of July 1, 2014 through June 30, 2015, with a 13-month average rate base, if the Company files its application prior to March 1, 2014. If the Company files its application on or after March 1, 2014, the Company will use, and the Parties will not oppose, use of a forecast test period ending no later than 16 months from the month in which the application is filed, with a 13-month average rate base.
