Commission Chairman Ron Allen
UT

Dear Commission Chairman Allen,

I am opposed to Rocky Mountain Power's proposed rooftop solar fee of \$4.25 per month. Utah's solar owners are making critical investments in clean energy at a time when Rocky Mountain Power is not.

I am a local pulmonary physician, who has to deal with the health consequences of our bad air on a frequent basis. Please do not make this backwards move. I vote.

Sincerely,

Lara Hardman
