Subject: Support solar!

To: rallen@utah.gov

Dear Chairman Allen,

Utah has amazing solar resources and should be a national leader in rooftop solar, but ranks only 31st in the nation for solar homes.

Now, Rocky Mountain Power is trying to impose a solar tax that will prohibit Utah from ever being a national solar leader.

Don't penalize customers who want to generate clean solar energy. Support solar and Utah's clean energy future. Let's act in a forward thinking view rather than through greed and fear. There is plenty to go around, plenty of all. Thank you.

Sincerely,

Debra Makoff
