Subject: Support solar!

Dear Commissioner LeVar,

Utah has amazing solar resources and should be a national leader in rooftop solar, but ranks only 31st in the nation for solar homes.

Now, Rocky Mountain Power is trying to impose a solar tax that will prohibit Utah from ever being a national solar leader.

Don't penalize customers who want to generate clean solar energy. Support solar and Utah's clean energy future.

We went to the expense to install solar on our home, to help the planet and be more energy independent. rocky mtn power makes money on our production of power. We should not be penalized for doing a good thing.

Sincerely,

Gaye Stoner
