Dear Commissioner LeVar,

My family and I live in Layton U.T. I can not believe that this fee is even being considered. If this fee is implemented I'm shore that the fee will increase severely at a very fast rate. In a state that has bad air quality already the residents , business , and state officials should be fighting for green energy. No one should pay a fine for not using a serves.

Don't penalize customers who want to generate clean solar energy. Support solar and Utah's clean energy future.

Sincerely  
Drew Hodge

Sincerely,

Drew Hodge
