Dear Commissioner LeVar,

Stop this nonsense! For once, do what is RIGHT for the planet and stop the greed that is keeping "alternative" solutions from being fully developed or utilized! This is YOUR chance to leave a legacy--to make a difference in the world in a positive way.

Utah ranks 7th in the United States for solar resource but only 31st for solar homes. Utah should be a solar leader but we have fallen behind.

If Rocky Mountain Power succeeds in implementing a monthly tax on solar customers, that future will never be realized.

Don't penalize customers for making the choice to generate their own clean energy. I urge you to support Utah's clean energy future and oppose this unfair tax.

Sincerely,

Miriam Valere
