Subject: Don't Protect Monopolies, Protect Our Choices
To: tleva@utah.gov

Dear Commissioner LeVar,

Utah has vast potential solar resources for clean energy generation. Utah should be a solar leader and encourage its development.

Rocky Mountain Power is wrong to want to implement a monthly tax on solar customers. Do the coal companies have to pay Rocky Mountain Power a fee when they use their coal? Of course not! So why go after private rooftop solar users?

Don't put companies, much less monopolies, in the position of taxing citizens to protect their self interests. Don't penalize customers for making the choice to generate their own clean energy. I urge you to support Utah's clean energy future and private property rights and oppose this unfair tax.

Sincerely,

Sandra Long
