Subject: Keep solar fair in Utah
To: drexclark@utah.gov

Dear Commissioner Clark,

Rocky Mountain Power is trying to charge solar customers a tax. This is a penalty for customers who have made a choice to produce their own power and reduce the U.S. dependency on dirty energy.

If I choose to generate my own power, I should not be required to pay a fee to the power company. If Rocky Mountain Power wants my money, they need to change to clean energy immediately. Otherwise, charging me for a service I do not use, will only lead to more and more negative exposure for RMP.

Sincerely,

Mckenzi Hilton
