Dear Commissioner LeVar,

Rocky Mountain Power is trying to charge solar customers a tax. This is a penalty for customers who have made a choice to produce their own power.

If this solar tax is implemented, Utah will not have a chance to be a solar leader. Utah ranks 7th in the United States for solar resource but only 31st for solar homes.

Also, by taxing the use of the sun, what will we tax next, the air we breath? Please allow Utahans to be the leaders in improvement of cleaner air

Please keep solar fair in Utah.

Sincerely,

Joseph Kalodimos
