Subject: Support solar!
To: tleva@utah.gov

Dear Commissioner LeVar,

Utah has amazing solar resources and should be a national leader in rooftop solar, but ranks only 31st in the nation for solar homes.

Now, Rocky Mountain Power is trying to impose a solar tax that will prohibit Utah from ever being a national solar leader.

Don't penalize customers who want to generate clean solar energy. Support solar and Utah's clean energy future.

The idea of taxing solar not only goes in the opposite direction of where our nation should be headed but deters the use of solar which is abundant in our state.

We ask that you please help.

Sincerely,

Kathleen Johnson
