Hi,

I am a resident of Providence, Utah. I will not be able to attend the hearing regarding the possible \$5 charge to solar panel users and would like to state my request through email.

Please do not allow Rocky Mountain Power, or any other individuals, to penalize solar power users with a finance charge. Our state needs to encourage the use of renewable energy; by allowing companies to charge for using renewable energy we are discouraging the use of renewable energy and encouraging the use of fossil fuels.

Thank you,
Brittany Foster
