Hello,

I'm a 12 year old who wants to grow up in clean air. I live in SLC. I know that RMP wants to charge my parents \$4.65 per month. We have solar panels. My dad and I have gone around Daybreak and handed out flyers to solar customers. I have a friend who's sister has asthma and they had to move up to Park City. Our air is bad, we need to do something! Please not don't agree with RMP! Say no to RMP's solar tax!

Thank you!
