Dear Commissioners,

We would also like to submit the attached cover letter explaining more about why we need to submit our member's comments on docket number 13-035-84 in this way. I have also reattached the spreadsheet full of those comments. It is the same one I initially sent.

Please email back to confirm that you have received these comments and intend to include them in docket 13-035-84. Thank you for accommodating us through this process.

Sincerely,

Dan Schreiber

Dear Commissioners,

I have attached a list of Sierra Club petition signers who submitted comments pertaining to docket number 13-035-84. When these comments were originally submitted an error occurred that would not allow your official email address to accept them.

Please email me back to confirm that you have received this file and will include these comments in your official docket.

Sincerely,

Daniel Schreiber
