**Re:** Docket No. 13-035-63 (03-035-14). Avoided Cost Input Changes Quarterly Compliance Filing.

---

On April 16, 2013, Rocky Mountain Power (“Company”) filed with the Commission its 2013.Q1 Quarterly compliance filing, Avoided Cost Input Changes. This filing reports changes since the Company’s 2012.Q4 quarterly compliance dated December 28, 2012. On April 24, 2013, the Commission issued an Action Request to the Division requesting a review of the filing for compliance and to make recommendations. The Commission asked the Division to report back by May 16, 2013.

The Division is still reviewing the Company’s compliance filing and hereby is requesting that the Commission extend the due date of the Division’s response to the Action Request to June 15, 2013. This will allow the Division adequate time to make the proper review and recommendations.
