ACTION REQUEST RESPONSE

To: Public Service Commission of Utah

From: Division of Public Utilities
Chris Parker, Director
Energy Section
Artie Powell, Manager
David T. Thomson, Technical Consultant

Date: September 12, 2013

Re: Docket No. 13-035-72 PacifiCorp's Results of Operations Report for the Twelve Months Ended December 31, 2012. In the Matter of PacifiCorp's Results of Operations Report for the Utah Jurisdiction for the Twelve Months Ended December 31, 2012

On April 30, 2013, Rocky Mountain Power ("Company") filed with the Commission its December 2012 Results of Operations and a confidential Wind Resources Report for the twelve months ended December 31, 2012. The wind report was provided in compliance with the Commission's final order in Docket No. 07-035-93. On May 7, 2013, the Commission issued an Action Request to the Division requesting a review of the filing and to make recommendations. The Commission asked the Division to report back by June 14, 2013. The Division requested and was granted an extension to file comments to September 15, 2013.

The Division at this time is waiting to receive the majority of its Data Requests responses from the Company pursuant to its review of the results of operations report for the twelve months ended December 31, 2012. At this time the Division is unable to determine if follow up data requests will be required after review of the responses received from the Company on the above mentioned Data Requests. If follow up inquiries are required the

Division anticipates that the follow up responses will be received at or near the 30 day deadline for data requests.

Due to the above and the anticipated work load of the Division during the month of October in preparation of the filing of Direct Testimony by- the audit staff in the Questar General Rate Case, the Division is hereby requesting that the Commission grant an additional extension of the due date of the Division's response to the Action Request to November 15, 2013.
