DPU Data Request 1.4

Why is Interwest Mining Company O&M included in the FERC Form 1 but not in the Semiannual report?

Response to DPU Data Request 1.4

All Interwest Mining Company activities are performed on behalf of PacifiCorp and its subsidiaries and equity investees. Thus, all costs incurred are absorbed by PacifiCorp and its subsidiaries and equity investees, and Interwest Mining Company's books accordingly reflect no O&M. Additionally, Interwest Mining Company is accounted for as an equity investee for FERC reporting purposes while for regulatory results, it is fully integrated with PacifiCorp.
