Date: March 13, 2013
Subject: Correction Memo for Docket No. 13-035-T03, Customer
Accommodation for a Non-Standard Metering Device

On March 13, 2013, the Office of Consumer Services (“Office”) filed a memo for Docket 13-035-T03 with the Public Service Commission of Utah (“Commission”). In the memo, the Office recommended to include the restocking cost for the non-standard meter of \$31.35 omitted in Rocky Mountain Power (“Company”) meter exchange proposal. An error was made in calculating the total cost for a meter exchange. The correct total cost should be \$283.64, not \$286.64.
