Docket No. 13-066-T02

To whom it may concern:

Enclosed you will find a "revised" copy of Dixie Power's Net Metering Tariff. This rate revision was approved by the Board of Directors on October 2nd 2013.

Beginning with the October billing, the Net Metering Tariff will reflect these changes, which will be a reduction of the monthly customer charge from \$30.00 to \$2.38, and the ability to bank energy from one month to the next rather than be paid for excess energy at the avoided cost of 1.5 cents per kWh.

Both of these changes are favorable for customers in Utah and help align Dixie Power's Net Metering Tariff's for Utah and Arizona customers.

If you have further questions, please call me at (435) 439-5311 or e-mail me at ladell@dixiepower.com.

Sincerely;

DIXIE ESCALANTE RURAL ELECTRIC ASSN.
