Docket No. 14-035-114

UCARE Technical Conferences Proposal for the Commission's Net Metering Investigation

Pursuant to the *Notices of Comment Period and Scheduling Conference* issued by the Commission on November 21, 2014, and in response to the Commission's invitation for "comments by interested parties on whether the traditional costs and benefits test equations...and metrics...used to evaluate utility-sponsored demand side management programs can and should be applied to examining the costs and benefits of PacifiCorp's net metering program," Utah Citizens Advocating Renewable Energy (UCARE) submits the attached technical conferences proposal, filed online on Friday, February 6, 2015, for consideration by the Commission and other interested parties.
