To: psc@utah.gov

To whom it may concern:

I recently installed solar panels on my home. While I knew the payback period would be a long time, I felt very good about the decision for many reasons. As a customer of RMP, I don't mind paying my fair share of grid fees but it is very disappointing that RMP is trying to increase our costs disproportionately to non-solar panel owning customers. There is a reason we allow energy companies to be monopolies. It seems as though RMP has forgotten that their responsibility as a monopoly goes beyond profits.

Sincerely,

Chad Dutton

13822 S Arrow Creek Dr.

Draper, UT 84020
