RE: Notice of Errata
Docket No. 14-035-114, In the Matter of the Investigation of the Costs and Benefits of PacifiCorp's Net Metering Program.

Dear Mr. Widerburg:

I reviewed my direct testimony filed on behalf of Summit County on June 2, 2017 in the Matter of the Investigation of the Costs and Benefits of PacifiCorp's Net Metering Program., Docket No. 14-035-114. I identified that an error was made on lines 97 thru 101 that needs to be corrected. The average cost savings calculations that I used were in error and have been corrected in my errata testimony.

This correction does not change my position that Rocky Mountain Power's proposed Schedule 136 and Schedule 5 rates pose a substantial detriment to the County and its sustainability programs and goals.

Attached to this memo are replacement copies of my direct testimony, in relined and clean versions, containing the corrections cited above. If you have any questions, please contact me at 818-207-1417.

Sincerely,

Roger Armstrong
Summit County Council
