Auric Solar, LLC Supplemental Response to Rocky Mountain Power First Set of Data Requests

RMP Data Request 11

Please provide the documentation or other information necessary to show the profit margins Auric earns or has earned on solar installations before owner or management compensation from January 1, 2012 to the present. Your response to this information should provide sufficient data to determine Auric’s actual costs to purchase or manufacture materials for a residential solar system and Auric’s sale or use price for that system. Recognizing that different systems will be priced differently based on size and configuration please provide sufficient information to determine profit margins per panel or per system, including but not limited to any work-ups Auric has or has done of “typical” systems.

Supplemental Response to RMP Data Request 11

Auric continues to object to this data request on grounds that it is overly broad, irrelevant, unduly burdensome, unlikely to lead to any useful information in this proceeding, and competitively sensitive. Notwithstanding this objection, Auric responds with the following:
