**REPLY COMMENTS OF VOTE SOLAR ADDRESSING  
ROCKY MOUNTAIN POWER'S OCTOBER 24, 2017  
COMPLIANCE FILING**

November 13, 2017

**Comments of Vote Solar on  
Rocky Mountain Power's October 24, 2017 Compliance Filing**

Vote Solar respectfully submits these reply comments in support of the comments previously submitted by Utah Clean Energy and the Office of Consumer Services regarding Rocky Mountain Power ("RMP")'s Compliance Filing of October 24, 2017. In the view of Vote Solar, those comments correctly identify corrections that should be made to RMP's proposed tariffs. Without repeating the arguments and concerns set forth by those comments, Vote Solar shares these parties' concern with the timing of RMP's proposed tariffs and agrees with the Office of Consumer Services that aggregation language should be included before the effective date of Schedule 136's transition program, rather than added at a later date. Vote Solar also supports the Office's proposed modifications of Schedule 135 and 136.

Vote Solar thanks the Commission for considering these reply comments.
