VIA ELECTRONIC FILING

Utah Public Service Commission Heber M. Wells Building, 4th Floor 160 East 300 South Salt Lake City, UT 84114

- Attention: Gary Widerburg Commission Secretary
- RE: Docket No. 14-035-114 In the Matter of the Investigation of the Costs and Benefits of PacifiCorp's Net Metering Program **Compliance Filing – Status Report on Level 3 Queue Management System**

On March 2, 2018, Rocky Mountain Power ("the Company") filed a Motion for Emergency Waiver of Level 3 Interconnection Review Processing Timeframes ("Motion"). The Company requested immediate relief from the processing timeframes and recommended working with interested parties in developing a queue management system for the level 3 interconnection review process. The Motion was granted, in part, by the Public Service Commission of Utah ("Commission") on March 21, 2018, which provided the Company a 30-day extension of the existing timelines in R746-312-10(f)(iii) for a period of six months from the date of the order. The Commission order also required the Company to work with the Division of Public Utilities ("DPU") and other interested parties to develop a queue management system ("QMS") and related procedures and either submit that system for Commission consideration, or provide a status update on the activities and progress of the process, within 45 days of the order.

Since the Commission order, the Company, DPU, the Office of Consumer Services, and other interested parties have met and engaged in various communications in order to develop a QMS to be filed with the Commission. The Company filed status reports on May 2, 2018 and June 6, 2018 informing the Commission on the progress of the discussions. In the June 6, 2018 status report, the Company notified the Commission of the possibility that an agreed-upon QMS would be filed by July 10, 2018; but, if not, that the Company would file an additional status update instead. The parties continue to work on the QMS and have made progress; however, the parties have yet to agree on a final QMS. Discussions are ongoing and the parties hope to have a QMS ready for filing on or before August 10, 2018. Should the QMS and related procedures not be ready at that time, the Company will file another status report.

Rocky Mountain Power appreciates the parties' participation in this matter. Questions may be directed to Jana Saba at (801) 220-2823.

Sincerely,

ille tusard

Joelle Steward Vice President, Regulation
