

**PUBLIC SERVICE COMMISSION  
OF UTAH**

**Docket No. 14-035-147**

Exhibit SC\_\_\_JIF-5

Response to Sierra Club Data Request 1.27

14-035-147/ Rocky Mountain Power  
January 7, 2015  
Sierra Club Data Request 1.27

**Sierra Club Data Request 1.27**

Reference the Direct Testimony of Cindy Crane, page 27, lines 594-599. For each of the three cases analyzed by the Company (Keep Case; Transaction Case; and Market Case), please identify the date that Rocky Mountain Power assumed the Huntington plant would stop burning coal? (i.e. retire or convert to natural gas)

**Response to Sierra Club Data Request 1.27**

The analysis performed by the Company for the three cases was based on the approved depreciable life of the Huntington Plant which ends in 2036.
