RE: Docket No. 14-035-150, "In the Matter of Rocky Mountain Power's Report of Exchange of Certain Transmission Assets with Idaho Power Company"

Dear Mr. Larsen:

On December 19, 2014, pursuant to Utah Administrative Code ("UAC") R746-401-3 (sale of utility and nonutility assets), PacifiCorp, dba Rocky Mountain Power ("PacifiCorp") filed a Report of Exchange of Certain Transmission Assets with Idaho Power Company ("Report") with the Public Service Commission of Utah ("Commission"). PacifiCorp filed the Report to inform the Commission that PacifiCorp is exchanging certain transmission assets with Idaho Power Company to better allocate asset ownership with load service needs and to update existing legacy agreements. PacifiCorp states the transaction is consistent with the public interest, customers' rates will not increase as a result of this transaction, and each party has the intent and financial ability to operate and maintain the assets.

On December 19, 2014, the Commission issued an action request to the Utah Division of Public Utilities ("Division") to review PacifiCorp's Report. On December 23, 2014, the Division requested the Commission set a scheduling conference in this docket and close the action request. On January 12, 2015, the Division withdrew its request for a scheduling conference because it determined PacifiCorp's Report was filed for informational purposes only and does not require Commission approval. The Division states PacifiCorp's Report is both timely and complete and meets the Commission's reporting requirements in UAC R746-401-3.

The Commission acknowledges PacifiCorp's Report and, based on the Division's recommendation, we find it meets the reporting requirements of UAC R746-401-3.

Sincerely,

/s/ Gary L. Widerburg
