Subject: Docket 14-035-20, In the Matter of the Application of PacifiCorp's Semi-Annual Hedging Report

RE: Request for Additional Time to Respond to the Commission's Action Request

The Office of Consumer Services (Office) requests that the Public Service Commission (Commission) extend the due date from its August 15, 2014 action request for Docket No. 14-035-20 from September 15, 2014 to September 23, 2014. The action request directs the Division of Public Utilities to provide analysis, evaluation results, and the basis for conclusions and recommendations regarding compliance of PacifiCorp's

Semi-Annual Hedging Report (Report) and to make recommendations. The Office intends to provide comments related to the Commission's directions.

In the course of reviewing the Report the Office identified certain elements where additional information was necessary to provide a more thorough analysis. The Office issued data requests to the Company on September 3, 2014. The Company has agreed to expedite its responses and will attempt to complete them by Thursday September 11, 2014. The Office anticipates that the responses will be delivered by FedEx due to the confidential nature of the questions asked. Thus, we do not expect to receive responses until Friday, September 12, 2014 at the earliest. In order to provide meaningful comments we will need time to review and analyze the Company's responses.

The Office has discussed our requested extension with the Company and the Division of Public Utilities and they have no objections to the request.
