In the Matter of the Application of Rocky Mountain Power for Authority to Revise Rates in Tariff Schedule 98, Renewable Energy Credits Balancing Account))
DOCKET NO. 14-035-30)
ORDER ESTABLISHING FINAL RATES)

ISSUED: September 24, 2014

This matter is before the Public Service Commission of Utah (“Commission”) on the March 17, 2014, application (“Application”) of PacifiCorp, dba Rocky Mountain Power (“PacifiCorp”), for approval to recover the Electric Service Schedule No. 98, “REC Revenues Credit” (“Schedule 98”) deferred balance of approximately \$17.0 million, to be collected from customers in three annual installments of approximately \$5.7 million, the first to be effective on June 1, 2014.

PROCEDURAL HISTORY

On April 1, 2014, the Commission held a scheduling conference and subsequently issued a Scheduling Order and Notice of Interim Rates Hearing (“Scheduling Order”). Pursuant to the Scheduling Order, the Commission conducted a hearing on May 22, 2014, at which the Application was examined. At the conclusion of the hearing, the Presiding Officer issued a bench ruling approving, on an interim basis, the rate changes requested in the Application. On August 4, 2014, the Commission issued its written order confirming its May 22, 2014, bench ruling. (“August 4 Order”).

On July 11, 2014, the Division of Public Utilities (“Division”) filed its audit report (“Audit Report”) of PacifiCorp, Renewable Energy Credits Balancing Account (“RBA”). The Division indicates it reviewed numerous documents in the course of its audit including

renewable energy credit (“REC”) sales, request for proposals, reverse request for proposals, REC revenue contracts, renewable costs in base rates, REC budget for 2013 and 2014, REC policies and procedures, and previous RBA filings. The Division’s audit found no material discrepancies in PacifiCorp’s records of the 2013 REC transactions. Based on its review and audit, the Division states PacifiCorp appears to be in compliance with regulatory and reporting requirements and recommends the interim rates approved by the Commission in its bench ruling of May 22, 2014, should be made final.

On August 8, 2014, the Utah Office of Consumer Services (“Office”) filed comments on the Application and the Audit Report. Based on its review and analysis, the Office found no material errors, discrepancies or issues of concern and concurs with the Division’s recommendation that interim rates approved by the Commission should be made final.

ORDER

Based on PacifiCorp’s Application, the Division’s Audit Report and recommendation, and the Office’s concurring recommendation, the requested rate changes to recover the deferred balance under Schedule 98 of approximately \$17.0 million, previously approved on an interim basis in the Commission’s August 4 Order are approved as final rates. The deferred balance of approximately \$17.0 million, will be collected from customers pursuant to Schedule 98 in three annual installments of approximately \$5.7 million, the first to be effective June 1, 2014. The approved Schedule 98 is attached as Exhibit A to this order.
