

ELECTRIC SERVICE SCHEDULE NO. 32 - Continued

RENEWABLE ENERGY CONTRACT: (continued)

C. Contract Structure: (continued)

b. The Company must receive confirmation from PacifiCorp Transmission that the Renewable Energy Facility has been designated as a Network Resource pursuant to the Open Access Transmission Tariff and the Company must receive confirmation from PacifiCorp Transmission that the transmission service request has been granted in sufficient capacity to meet or exceed the maximum delivery rate under the contract.

D. Renewable Energy Contract Communications

1. Initial communications regarding the Renewable Energy Contract should be directed to the Company as follows:

PacifiCorp
825 NE Multnomah, Suite 600
Portland, OR 97232
Attention: Director, Origination
Telephone Number: (503) 813-5218

II. INTERCONNECTION PROCEDURES FOR RENEWABLE ENERGY FACILITIES:

A. In addition to entering into a renewable energy sales agreement, Renewable Energy Facilities intending to make sales to the Company under this tariff are also required to enter into an interconnection agreement that governs the physical interconnection of the project to the Company's transmission or distribution system. The Company's obligation to make purchases from a renewable energy generator is conditioned upon all necessary interconnection arrangements being consummated.

B. For information on the interconnection process, prospective interconnection customers should access the PacifiCorp OASIS web page at the link below.
