Date: May 19, 2014

RMP Advice No. 14-03, Proposed changes to Schedule 140 – Non-Residential Energy Efficiency

Docket No. 14-035-T03

RECOMMENDATION

The Division of Public Utilities (“Division”) requests that the Public Service Commission (“Commission”) extend the May 22, 2014 Action Request deadline for the review of Rocky Mountain Power’s proposed changes to Schedule 140 – Non-Residential Energy Efficiency Program.

On May 15, 2014 the Company filed supplemental materials for the above revered filing. On May 16, 2014 the Company issued a request for a new proposed effective date of July 1, 2014 in order to align the program changes with the adoption of the new State of Utah Energy Code. In light of the new effective date and in order to review the additional supplemental materials, the Division requests a postponement of the Action Request response date to June 5, 2014.

CC Kathryn Hymas, Rocky Mountain Power
